Asset Backed Currency Infrastructure

GEP Currency monetary funding program has implemented a secured asset-backed currency system of coins. All ABC I Coins (Asset-Backed Currency Infrastructure Coins) will provide funding for the New Portable Renewable Energy Facilities Industry. Building Homes, Schools, Office Operation Units, Emergency Medical Units, Portable farms and Desalination Systems, along with Emergency Disaster Supplies and Equipment.

Infrastructure coin purchases will be available globally, from (SDR) Special Drawing Rights nations to rebuild globally in times of disaster

@Dollar I Coin @Euro I Coin @Yen I Coin @Yuan I Coin @Dinar I Coin @Pound I Coin @Peso I Coin

For Any ABC I Gold Coin Receive Up to 16.8% Annually

GEPcurrency helps you prepare globally. Unprecedented disasters have increase. Unsecured fiat currencies are uncertain. In times of earthquakes, fires, floods, & civil unrest, be secured, never be lacking food, clothes, shelter and emergency first aid.

GEPcurrency provides you with Global Emergency Provisions, a universal currency, utilized as necessity of products international, unlike fiat or crypto currencies never lose your investment.

GEPcurrency is a (SWIFT product) Solar Wind International Facilities Technology product, Valued as a hard Asset-Backed Currency; providing hyperinflation protection. Never lose your purchasing power.

GEPCurrency provides you the basic necessities of life, the only form of currency that counts in times of disaster. Never be left with a collapse worthless fiat currency.

GEP Currency “Provides Secured Emergency Assets, rebuilding infrastructures globally, destroyed by disasters from Earthquakes, Fires, Floods, & Civil unrest.

Globalemergencyprovisions.com provides the basic necessities of life; Food, Clothes, Shelters & Emergency First Aid.

Purchasing GEP Currency will warranty all ABC I Coins providing a secured purchase power with emergency, supplies & equipment as assets.

The secured warehousing and maintenance of these emergency goods and services will be the Asset-Backed Currency desperately needed now and in the very near future”

GEPCurrency Coin Purchase Benefits

All copper coins are \$1.68 per coin unit. You receive a starting interest rate of 2.1 percent at the end of 6 months from purchase, and up to 4.2 percent interest rate annually.

All silver coins are \$168 per coin unit. You receive a starting interest rate of 4.2 percent at the end of 6 months from purchase, and up to 8.4 percent interest rate annually.

All gold coins are \$1,680 per coin unit. You receive a starting interest rate of 8.4 percent at the end of 6 months from purchase, and up to 16.8 percent interest rate annually.

GEPCurrency Hard-Asset Transactions

All GEPCurrency transactions are utilized as a hard asset; providing you with purchase power to buy goods and services from the catalog of Globalemergencyprovisions.com

At any time GEPCurrency can be made liquid by clicking on any product available on the site; such as emergency preparedness kits and all basic necessities of life GEP offers (Food, Clothes, Shelter and Emergency first aid).

GEPCurrency Swift Bank Coin

All GEP (SWIFT products) Solar Wind International Facilities Technology products are extensive in scope. From the very basic needs of Renewable Energy to complex Facility Systems such as our Portable Homes, Schools, backup Office units, Emergency Medical units, Portable Farms & Desalinization Systems.

In addition; all GEP facility units can operate on the ESP (Energy Solar Power) Monolith System; powered by renewable energy without being hooked up to any outside local power source.

Any GEPCurrency coin purchase adding up to the amount of our renewable energy facilities, along with all products & services can be purchased and ship directly to you, door to door at any time.

Hard-Asset GEPCurrency Benefits

All GEPCurrency coin purchases function as a hard-asset. At any time your coins purchases can be liquidated by the purchase of any product and services provided by GEP Globalemergencyprovisions.

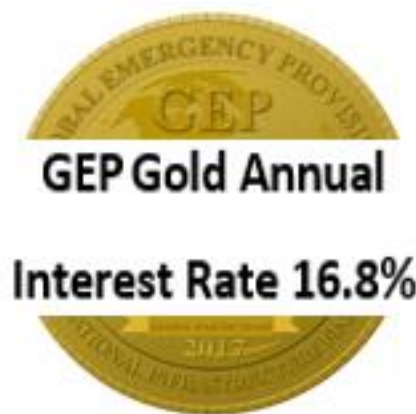

Any GEPCurrency coin purchase not liquidated into any product or services after 6 months will earn a substantial interest rate, even from the lower valued coins. The interest rate you received from GEPCurrency is more likely higher than any bank or financial institution internationally. The benefits of GEPCurrency are financial multifaceted.

GEPCurrency Fifty-fifty Benefits Rule

GEPCurrency has established a fifty-fifty product and interest rate benefits rule. Any coin purchase gives you the flexibility of liquidating your value purchase power with any product up to 50 percent. Leaving the remaining 50 percent as a hard coin asset with us at GEP. Yet, still receive you high-interest rate program in for each coin.

GEPCurrency Fifty-fifty Benefit example

As an example by purchasing twenty GEPCurrency Swift Bank coins at a current rate of \$1,680 this gives you \$33,600 in purchasing power. Which allows you to purchase a basic house facility starting from \$16,800 each housing units. Your remaining GEPCurrency coin purchase value is half, fifty percent. However; you will still receive 100 percent of the interest rate provided for you if you leave the remaining half, 50 percent with GEP annually. GEP annual coin rates are as follows: Gold coins annually are at 16.8 percent, Silver coins annually are at 8.4 percent, Copper coins annually are 4.2 percent. Again, GEPCurrency coin purchase benefits are multifaceted far beyond any fiat or cryptocurrency on the market.

Triple Swift Bank Coin Note. This Global Barter Trade, Infrastructure Funding Contract

GEP Currency: Triple Swift Bank Coin Note. This Global Barter Trade, Infrastructure Funding Contract combines all 3 currency coins together, along with their annual interest rates all into one. Purchasing the Triple Swift Bank Coin note will give you an annual rate of 29.4 percent.

Triple Swift Bank Coin Note combines the GEP Gold Coin 16.8% annual rate, the GEP Silver Coin 8.4% annual rate and GEP Copper Coin 4.2 annual rate, equaling 29.4%.

Our Triple Swift Bank Coin Note, Global Barter Trade certificate currently is introduced at \$63,000 which allows you to purchase any high-end facility design and manufacture by Global Emergency Provisions.

Any Portable Renewable Energy Facility from a Home, School, Emergency Backup Office, Emergency Medical Unit, and Portable farm as a single unit can be purchased with this single note. All Portable Renewable Energy Facilities come complete with enhancing, feature designs within these units.

However, you can choose **Option Hold**, not to exercise any purchase any facility from GEP Global Emergency Provisions or any other products or services and you're triple interest rate of 29.4 percent annual rate will be times \$63,000. Remember, you will never lose your purchasing power with us. Your funds will still be secure after years end when you make your purchase.

Now if you choose **Option Buy**, to purchase one of our facilities we will still honor your 29.4 percent after the first year giving you this exclusive premium interest rate along with the products and services you purchase, minus hard labor cost.

Please note: Option Buy is minus our hard labor cost, the base rate for our deluxe facilities homes, schools, offices, emergency medical units and portable farms starts at \$42,000. Your interest rate after purchasing this facility will be based on that current cost of 42,000 US dollars times 29.4 percent.

For example, if you choose **Option Buy**, to purchase a portable renewable energy facility with your \$63,000 note we will give you your 29.4 percent, minus the hard labor cost leaving \$42,000. \$42,000 times 29.4% equals \$12,348 which will be giving to you at the end of the year from your time of purchase.

However, if you choose **Option Hold**, not to purchase for a year any facility or any product from GEP Global Emergency Provisions you will get the full interest rate on your \$63,000 note certificate. \$63,000 times 29.4% equals \$18,522 which will be giving to you at the end of the year from your time of purchase. Plus you will still receive your facility choice at years end.

Therefore, the interest rate does that decrease only the Option amount it's based upon.

Any questions that you may have please contact us at any time 626 243 8200 chuck@globalemergencyprovisions.com and someone from our staff will get back to you giving you the details of our Triple Swift Bank Coin note.

ABC I Coin Asset-Backed Currency

Achieving the ABCs of Business (Advancing, Building & Creating)

It's time for **Us**  to start producing, start building and accomplishing great exploits, as a great Super Power should; we had better get moving. China is buying up the world extracting all its natural resources like there's no tomorrow. And "no tomorrow is where will be if

we do nothing;” where’re not even following, let alone leading. Again, time is not on our side, we have a definite, but short opportunity, to do something extraordinarily great for **Us**  . It’s time for **Us**  to get back to business of being great. Again China is thinking big; they have awesome goals for which they’re striving to achieve.

You should have already heard the announcement of China, to build a train to America. That right, from China and Russia underneath the ocean, through Alaska to Canada into. **Us** 

Now whether they achieve it or not, is not the point. China is thinking about the ABCs (Advancing, Building & Creating) to growth, jobs, and opportunity. And their leaders are focusing on achieving it, on a global scale. **“That’s the point.”**

“We can’t even build a High-Speed Rail, within the State of California, why, because our focus is on Nonsense.”

That restrictive, narrow-minded thinking is not going to build **Us**  a high-speed railroad. That’s not achieving the ABCs (Advancing, Building & Creating). Sadly we have the D & E letters standing for (deteriorating economy) down perfectly.

And “make no mistake about it, it’s everybody’s fault.” Understand, many throughout the international community are hostile towards our almighty dollar; which today is not so mighty. Again China and other Global partners want to replace America’s dollar dominance, in the worst way.

Surly you have heard about “The BRICS.”

“The governments and dictatorships ruling over the so-called BRICS countries — Brazil, Russia, India, China, and South Africa — agreed to set up a new world bank that analysts say could further marginalize the increasingly unstable U.S. dollar, possibly helping to eventually dethrone it as the global reserve currency.” By *Alex Newman*

“When the unthinkable American dollar collapses, all of our money, Savings account, Checking accounts, Stocks, Bonds, IRAs, 401Ks, Property and other Investments will be worthless.” in 

First of all when the Country is bankrupt by the dollar collapse, no local services will be provided because no valid funds will be available, to pay Government employees. The Police, Fire

Dept, and Search & Rescue Teams won't be rescuing anyone, unless it's just out of the goodness of their heart.

And "Our Daily Bread" of which millions of us takes so much for granted, within this nation of abundance, will soon be a daily struggle; finding any bread at all."

Today we must enact a program, which will provide the basic necessities of life, Food Clothes Shelter and Emergency First Aid.

Yet tragically today we still have difficulty providing those basic necessities, even when our trees are still green. How unthinkable, will troubles arise when the tree is dry? **As Christ warned us before he was crucified Verse 31 for if men do these things when the tree is green, what will happen when it is dry?" Luke 23:31 NIV**

GEPCurrency Funding Disaster Declarations

To provide the basic daily necessities, we can and must establish a continuous source of national funding. And not from raising taxes, or a new spending plan or any "new legislation frustration" but from building providing the Goods & Services needed, not just nationwide but globally.

Now everyone knows about "Bit Coins;" and before all world currencies collapse, many more innovative currencies will be introduced as the next best thing. Nevertheless, "I repeat, all world

currencies will collapse. A new global barter system will be introduced as a more solid successful way of World Trade. (Buying goods and services)”

Therefore let  Jump to the head of the line with GEPcurrency, a barter trading system of currency coins. “GEPcurrency will be used to acquire the basic necessities of life Food, Clothes, Shelter & Emergency First Aid.” Set prices for these basic goods will be established by the world markets.

GEPcurrency will be acquired by purchasing good or services, from established Emergency Provision Information Centers, set up nationwide to provide the basic necessities of life Food, Clothes, Shelter & Emergency First Aid. These Centers will be privately funded by corporation across the Country. Yet will be housed, by local and federal agencies.

Locally provided assistance will come from the Police, Fire Dept, and Search & Rescue Teams, Federally the CDC, Fema, & other Homeland Security agencies.

These communication centers will provide a foundation of teaching citizens which live around the centers. Knowledge and understanding of what to do, within an unnatural disaster or a terrorist attack or threat, will be taught. “Building 10 thousand Emergency Economic Job, Training Centers nationwide will provide 10 million new jobs and a trillion dollars of new revenue on an annual basis.”

When goods are purchased with our Gold ABC I Coin, up to 16.8% in GEPcurrency credits is given to the buyer.

Yet if funds are invested, into the centers, 100% in GEPcurrency credits is given to the buyer, plus 16.8% annually. This means “your investment will never go down, nor can it ever crash, or collapse like other currencies will.”

The secure benefits, with your GEPcurrency credits, is you will always be able to purchase emergency products in times of disaster. You will have the means to purchase what you want; but more importantly, want you need.

And please believe me, as chaotic events take place, throughout  and roll through the International Community, your needs will trump your wants, any day. “The whole world, as in the days of old, will be forced to focus, on just the basic necessities of life.”

Now I’m getting way ahead of myself here. The details are within, The Solution section, explaining “The Watchmen Program” <https://youtu.be/Zs7qy5Vd0Os>

In this publication; and completely inside my book, entitled “Reconciling Us or Revolution” you will understand the entire plan.

“A New Portable Facilities Industry will be born.” Understand all these renewable energy units are designed as individual container, steel structures; all connected together and placed side by side to form one complete center.

Breakdown Structure of Sponsors

The department store corporations which sponsor these facilities will pay the construction companies to build them. The construction companies will be mandated to work with local Colleges, Universities, and Higher Learning Institutions. The students attending these facilities will help build all community centers, on the very grounds where they learn.

Yet The Watchmen Program is much bigger than the Community Centers. Students will also build Portable Homes, Schools, Offices, Emergency Medical units, and a Portable Farms, all operating on new renewable energy technologies.

Financial Achievements

The department store corporation sponsors provide these new product and services get paid. The construction companies contracted to design the Emergency Centers get paid. The Higher Learning Institution working with construction companies get paid. The Students working with the building agencies also handsomely get paid. Those who work directly at the store locations where the centers are placed maintaining the facility get paid.

Potential Jobs and Revenue Generated

Building 10 thousand Emergency Economic Job Training Centers nationwide will provide 10 million new jobs and a trillion dollars of new revenue on an annual basis. Let us recap this new Portable Renewable Facilities Industry which again includes New Homes, Schools, Offices, Emergency Medical units,

“Portable Farms and greatly needed Portable Water Desalinization Systems. Providing fresh water pulled from the plentiful sea, placed throughout the many cities and towns within the country; especially in those drought-stricken areas, will be an irreplaceable blessing.”

Now let us have a meeting of the minds. The Federal Reserve is currently spending about 45 billion dollars in bonds per month. That’s down from “the reported over 85 billion per month” at the beginning of 2014. Yet at the beginning of 2013, “if just one month of those funds went towards

building the 10 thousand Emergency Economic Job Training Information Renewable Energy Centers, an estimated 10 million jobs would be established with 1 trillion dollars in new revenue.”

All the budget problem and deficits that face every city and state throughout the union can be systematically solved by establishing this new jobs and revenue plan. “I repeat the new revenue generated will help pay an estimated one-third of all current budgets for all Governmental services local and federal throughout the union.”

The Watchmen Program is the Solution. [http:// watchmanproposal.blogspot.com /](http://watchmanproposal.blogspot.com/)

Now we must as a Nation, implement these new renewable energy industries to revitalize ourselves, economically and ecologically or soon we will cease to be a Nation. Tragically as you should know, we are already the world’s most indebted nation.

The Watchmen Program is the Solution. [http:// watchmanproposal.blogspot.com /](http://watchmanproposal.blogspot.com/)

**GEPcurrency the future of
Asset Backed Coins providing
security for your money. Your
richest soon can fade away**

GEP Currency Introduction Synopsis & Mission Statement

**Providing a valuable, sustainable, asset-backed currency to
be universal and utilize globally**

As you should know the fiat currency world is crashing. This flawed, false facade monetary system was doom to fail from the beginning. Now at this time, we must correct our ways and secure our currency on a global scale. Everything we buy should have a warranty, something which backs it up, especially major purchases like a car or home as well as appliances within the home. Yet, the currency we utilized to buy those goods and services it's not back up and has no warranty.

If you placed fiat money in the bank for safekeeping, well, even that word "safe" is a misnomer in regards to the banks. Because the value is not backed up, it's not guaranteed, again it has no warranty date on it.

Your richest soon can fade away because, in reality, it carries no value, and it's not sustainable anyway. Now, we all know in the past our money, a long time ago was backed by gold giving us some form of safety and security that the worth of our dollar was truly dollar worthy.

However; now at this current time the dollar is worth less than ten cents, some say three cents, the math, is debatable. Yet, the insecurity of our money is not. Therefore; a new global monetary system must be established.

GEPcurrency.com is instituting seven new global currency coins, number one is the ABCICOIN, next are the five (SDR) Special Drawing Right currencies.

Also, Asset-Backed Currencies. The DOLLARICOIN, the EUROICOIN, the YENICOIN, the POUNDICOIN, the YUANICOIN and a currency that we believe soon to be would be part of the Special Drawing Right system is the DINARICOIN. In addition, because of great necessity, the PESOICOIN will play a major part in economic and ecological growth with projects in Mexico and the Philippines. The **letter I within these currency systems stand for Infrastructure.**

2017 has turned out to be the worse year for natural and unnatural disasters as well as a great deal or terrorist attack threats mixed in within my 50 plus years of life.

In the United States alone, a trillion dollar or more in damage has taken place where the Federal government must step in and provide a declared emergency funds for every catastrophe that has taken place. Needless to say this is not economically sustainable to finance.

Rebuilding the infrastructure within the states, cities, and towns financially are insurmountable. GEP Currency coin systems will provide the emergency funds needed to repair, rebuild and improve our infrastructure throughout the nation as well as the global community.

Moreover; these funds will provide the basic necessities of life to the citizens who lived within. Food, Clothes, Shelter, and Emergency First Aid will be the Asset-Backed Provisions; stored and ready, sustaining this new Asset Backed Currency.

The currency perhaps you're hoping that is kept safe in the bank as well as the funds you holding your hand; how do you secure the value of your finances? Since fiat currencies globally are void of Asset-Backed Protections, not by gold or any precious metals, nor any value what so ever. The answer is clear, world currencies only have a promise of worth attached to it and since this unsecured promise is still temporary intact you must now act and take advantage of this with GEP Currency. **Act now, while our fragile monetary system is suffering from temporary insanity holding on to its false promises of currency value.**

“Soon in the very near future the global economic bubble will burst and time will be up for everyone who didn’t get ready and seriously prepare for the catastrophic economic currency collapse to come.”

Therefore; sooner than later when the economic community stops defending the lie, all fiat currencies will collapse, leaving you with perhaps 10 percent of the value or nothing at all.

Remember you don’t possess currency for just the sake of holding currency; currency funds is for purchasing good and services. We cannot eat or drink currency, where it as clothing or be sheltered. Now if your purchasing power is drastically diminished so will your power to buy those same goods and services.

ABC I Coin Asset-Backed Currency Emergency Funding Solution

The primary benefit of the Triple Swift Bank Coin Note is to provide new renewable energy infrastructure to any city, town or community anywhere in the world.

Global Emergency Provisions will establish SARAP Centers Internationally, Renewable Energy Neighborhood intelligently designed with Smart Homes Schools, Offices, Emergency Medical Units, & Portable Farms. GEP can design any community to match and custom fit the specific decorum in your part of the world to resemble the facilities that you are accustomed. The only difference is they run completely on renewable energy.

Moreover, when there is Emergency Disaster Declarations which is declared after emergency situations such as an earthquake, fire, floods, and civil unrest our Triple Swift Bank Coin Notes will provide the funding to rebuild any area around the world; making it better than it was before.

When other funding's solution are no longer available and unlike the risk of global fiat currencies; the triple swift bank coin note will not lose its purchasing power when others collapse like fiat currency have in the past and will again. Therefore, it is crucial to get and be prepared before many more emergency disaster takes place.

It is prudent at the least, to secure the vital funding with emergency Homes, Schools, Backup Offices, Emergency Medical units, and Portable Farms, ready to go assets in times of disaster. Providing the basic necessities of life, large and small communities on a global scale should purchase GEP Currency. ABC I Coin is an infrastructure asset-backed currency, secured with our Portable Renewable Energy Facilities.

The continent of Africa, one Nation after the other, can wipe out its debt. Utilizing the Puerto Rico, Swift Renewable Energy Infrastructure Bank Fund Plan

Swift (Solar Wind International Facilities Technology.)

Debt relief and Virus Watchmen Program Funding Plan

The Swift infrastructure bank will pay the entire Puerto Rico \$70 Billion debt. The purchase of 3.5 million renewable energy facilities sold and utilized by the US government, Military, Homeland Security and other agencies will provide all the funds needed. This simple solution will wipe out all of Puerto Rico's past debt and provide tens of thousands of jobs for their future. The basic cost of each renewable energy facility home is \$63,000. Again the goal is for the United States government to utilize 3.5 million portable renewable energy facilities, of which **\$20,000 per unit will go to facilitate paying down the debt. 20,000 times 3.5 million equals \$70 Billion.**

Now profoundly there are roughly 3.5 million citizens in Puerto Rico. \$20,000 for every man woman and child within the territory will be placed in a trust, by the Swift Renewable Energy Infrastructure Bank, ensuring full payment for the country's debt. In addition, 5% more of the \$20,000 will be given as an investment payment to every citizen within The Commonwealth. This trust investment payment system will ensure **\$1000 given to every citizen in Puerto Rico.** That's right a new savings account of \$1000 will be placed in trust for every man woman and child to be utilized as they please. The economic boost with the approximate 3.5 million citizen's times 1000 equals \$3.5 Billion.

Note: This is not a bailout nor a bail-in, it's a simple transactional purchase, of renewable energy facilities such as Homes, Schools, Offices, Emergency Medical units and Portable Farms, Desalinization systems which are sorely needed, not just by the United States but for the entire

International Community. **\$3.5 billion instantly infuse within Puerto Rico's economy**, along with the blessings of \$70 billion of debt paid off from the past, and tens of thousands of new living wage jobs produce for the future. The new future of Puerto Rico will be bright and the life of its citizens very prosperous.

The details of this Economic and Ecological plan for all of the United States and its Commonwealth areas are spelled out within the publication, titled Reconciling US or Revolution, introducing the watchmen program proposal plan.

<http://watchmenprogram.blogspot.com/2016/07/city-state-country-debt-relief-and-zika.html>

Debt relief and Zika Watchmen Program Funding Plan provides the entire \$1.9 Billion needed to fight the virus. Also establishing 100 Emergency Renewable Energy Help Training Centers, staffed with representatives from local and federal agencies such as the Police Dept., Fire Dept., Search and Rescue teams, Federally, Homeland Security, FEMA the CDC and other vital agencies. Staffed agents will give out 3.5 million emergency kits for every citizen. These vital emergency protection kits will be afforded free of charge by the watchmen program.

Understand, this economical, ecological, health, help program can be applied to any nation throughout the global community.

GEPCurrency Asset-Backed by the basic necessities of life

Why are the basic necessities of life food, clothes, and shelter, emergency disaster products, and services, along with supplies and equipment considered an asset to back up a currency? Because the basic necessities of life are just that, necessities to sustain life and life without it frankly is not worth living. Now yes the past gold & silver traditionally backed up currencies throughout the world and the very new future will also back it up again. However; frankly speaking gold and silver is not even a distant second to the basic necessities of life.

Please understand even if you own mountains of gold and silver when disaster strikes, you can't eat it. It won't quench your thirst. And if the disaster is absolutely catastrophic and desperate life and death situations are the order of the day, no one will want silver and gold.

Gold and Silver will not be worth its weight nor any precious metal, people can't put in their mouth to satisfy hunger or clove and shelter themselves.

Here's a biblical prophetic lesson **verse: 7 "They will throw their money in the streets, tossing it out like worthless trash. Their silver and gold won't save them on that day of the LORD's anger. It will neither satisfy nor feed them, for their greed can only trip them up. Ezekiel chapter 7:19 NLT.**

And let's face it we don't have to wait for the tribulation to come or the beginning troubles of the LORD; Today's trouble is sufficient, disastrous enough. We must get ready and be prepared for today, as well as tomorrow.
